

**Marek W. May,  
Senior Vice President, Operations**

Marek W. May is the senior vice president of operations for Oshkosh Corporation, a position he was promoted to in July 2013. Mr. May is responsible for improving operational excellence throughout all of Oshkosh Corporation's manufacturing facilities. In addition, Mr. May is responsible for leading activities focused on continually improving the Company's manufacturing operations and expanding the Company's global production capacity. Mr. May joined the company in August 2009.

Most recently, Mr. May served as vice president of manufacturing operations for Oshkosh Defense where he led all Defense operations, including truck and trailer assembly, weld and fabrication, electrocoating and finish paint, remanufacturing and materials distribution.

Prior to joining Oshkosh, Mr. May served as a business leader for Ingersoll Rand where he was responsible for major plant operations and lean implementation. He also held positions of increasing responsibility in the automotive sectors of Borg Warner, Chrysler and GM.

Mr. May holds a bachelor's degree in Industrial Engineering from New Mexico State University and a Master of Administration from Central Michigan University.
